I am doing okay, thank you. Send me the roll off bin request when you have it ready and with as much notice as possible. We currently do not have any signs to post. I have asked about the status of the order but with everything going on it may take longer than anticipated to receive the signs.

Hello Sarah!

How are you? I hope you are safe and doing well.

Sarah, I'm working with LACC to abate the vegetation on Olden St. between Bradley and Ralston here in Sylmar. I will cc you on the email with Elly when coordinating the roll off bin.

Please see attachment below of location.

Also Sarah, this specific segment has been a systemic issue with illegal dumping. I hope LASAN data will validate that hypothesis. My goal is to: 1. abate the significant vegetation and 2. place "NO ILLEGAL DUMPING" signs at location and maybe a dummy camera (if feasible).

These two goals cannot be achieved without your exceptional leadership.

I look forward to knowing that you're alright Sarah and to receive your consultation.

Sincerely,
Alejandro Perez
